Happy Easter 🐣

- **Lodewijk Langeweg**
Jeff Foster has said on ConsciousTV that incarnating is the crucifixion. It can be found on YouTube typing in his name and the word crucifixion. He begins to talk about it beginning after about 19:30.
- **Lodewijk Langeweg**
I know from a series of experiences that by taking on this human experience we gave our Life for these humans. That also they would one day enjoy the knowledge that they are pure altruistic Charity.
- **Lodewijk Langeweg**
Coming back to our true Identity is coming back to our Life. Until then we are experiencing a psuedo-life, compared to our real Life more a prolonged dying. But we went ahead anyway for the humans.
- **Lodewijk Langeweg**
Coming to Who we really are is symbolized as the resurrection. The ascension in body and awareness to the Heaven which is our true reality in us, the state of great delicious deep peace and joy.
- **Roel De Meu**
nice reflections on being with someone who is dying
- **Lodewijk Langeweg**
Last one: As a reminder I tell myself now and then: "Whatever it is, also this was I willing to experience out of pure Charity for this human I seem to be, and my neighbours."
- **Roel De Meu**
thanks for your Charity Lodewijk
- **Lodewijk Langeweg**
Your true Being is Infinitely courageous pure Charity. The story about Jesus Christ or God making Himself human is really about us, Who we all are beyond this virtual reality, this dream of death.
-  **Roel De Meu**
thank you Nishkala most beautiful
-  **Maike Hutjes**
Hi Grace, I would love to share with you
-  **Roel De Meu**
it occurs to me that in meeting this ourselves we also are able to stay more open with people dying
-  **Maike Hutjes**
the similarity I have seen in my father who was dying and a premature baby that I have taken care of.
-  **Maike Hutjes**

Both in the person leaving the body, and in the baby entering the body I could see the heavens shining through their eyes

Adyashanti suggest that we all volunteered to appear in this world to redeem it. See on YouTube:

Adyashanti - Redemptive Love Study Course (Exercise One)"

Roel De Meu

who is the one that volunteered☺

Lodewijk Langeweg

God. As humans we are extensions of God. We are God in human appearance. That is the Good News.
